

Oh my God Linda! I hate Cathy!

Me too Bridgett! She is such a fatty!

Everytime she takes a step...the world shakes.

I heard it isn't just fat...its a glandular problem!

Glandular? Thats a buch of bull. I bet she is pregnant!

75% of individuals suffering from an eating disorder admit that bullying was a significant cause of their disorder.

STICKS AND STONES...
MAY HAVE BROKE CATHY'S BONES...
BUT WORDS...
HAVE MADE HER SKIN AND BONES!

Put an end to bullying.
Give those with eating
disorders hope.
